

# Freight Preparation

## CHEMICALS

**The hub exists primarily as an ADR network.**

We carry classes 1.4S (limited), 2, 3, 4, 5.1, 5.2, 6.1, 8 and 9, plus complementary non-hazardous goods. We do not carry classes 1 (most), 6.2 or 7, nor fireworks, waste products or non-networkable goods such as cyanides. We don't carry food products except those falling under ADR (eg additives) or food not for human consumption.

## PALLETS / PARCELS

**A guide to pallet sizes.**

Full pallets [FP] are delivered to a max weight of 1.25T (1T maximum for tail lift deliveries) and dimensions of 1.2m x 1.2m base and 2.2m high. We also offer half-pallets [HP] to 500kg and 1.2m high. There is a parcel service for ADR cartons up to 25kg. Over-sized pallets can be accommodated.
